

Artist ShawOn

UX/UI DESIGNER & DEVELOPER · ARTIST

I design products and then build them — most of my work starts in Figma and ends in a front end that ships. Outside that I publish stock graphics and video as **linearterra**, and I paint, photograph and write as **রাখাল**.

EXPERIENCE

Current

UX/UI Designer & Developer

OnnoRokom Group · Dhaka

Product design and the build treated as one job — Figma through to the production front end.

- **OnnoRokom ERP** — one system replacing scattered tools; designed in Figma, then built 1:1 from it. Live at onnorokom-erp.vercel.app.
- **Udvash-Unmesh Design System** — tokens, every component with its states, a Storybook and docs so the portal team ships from one source.
- **OnnoRokom HRIS, Udvash-Unmesh app** and e-commerce, and further internal products.

Stock contributor — linearterra

GraphicRiver · Magnific · Vecteezy · Shutterstock · Adobe Stock (as idyllicterra)

37,662 assets across five marketplaces: 29,183 on Magnific with 378.4k downloads, 5,368 on Vecteezy, 1,730 images and 349 videos on Shutterstock, 878 files — mostly 4K video — on Adobe Stock, and 154 on GraphicRiver with 158 sales.

Commissions

Freelance — Fiverr

artist_shawon · 5.0 from 22 reviews · open for orders

Six services: hand-drawn and vector portraits, mobile app UI/UX, and graphic design — brochures, reports and social media templates.

WORK, BY KIND

31 · 18 · 10

UI/UX · Graphic · Development

Fifty-nine projects in all — interface and design-system work, graphic and marketplace work, and ten carried through to code.

2010 → present

Art — eight series, 120 pieces

Watercolour, pastel and poster colour on paper; coloured-pencil portraits; 35 digital paintings and one vector; 48 photographs.
